

PUR Hotmelt multi-Line

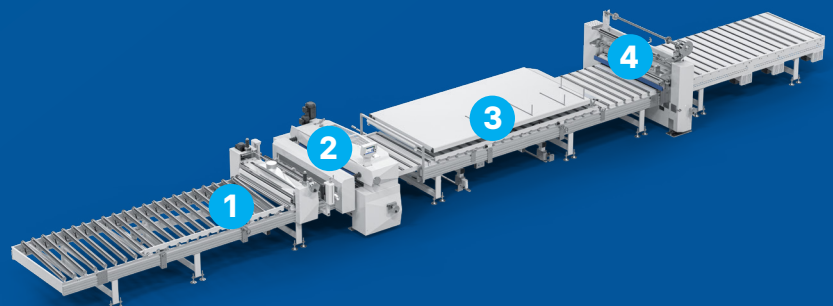

The PUR Hotmelt multi-line is the high-performance system for coatings with PUR hotmelt adhesive. Designed to meet high quality and performance standards and featuring an intuitive operating concept, the PUR multi-line has been developed for all batch sizes. The combination of various automation solutions with a wide range of operating modes represents the optimal solution for PUR hotmelt coating at higher production volumes.

Product Overview

- ✓ For larger production capacities and work with sheet or roll materials
- ✓ Modular and extensively expandable
- ✓ Intuitive control concept for the entire system
- ✓ Laying area for placing in longitudinal and transverse directions
- ✓ Centric guidance of the plates through the line

Product Features

- ✓ Automatic feeding or unstacking as extensions possible
- ✓ Standard working width: 1.300 / 1.600 mm
- ✓ Feed rate: 6 – 30 m/min
- ✓ Workpiece dimensions:
Width: 200 - 1300 mm
Length: 500 – 3050/3660/4200mm
Thickness: 3 - 100 mm
- ✓ Operation either on the right or left side

Line Overview

- 1 Alignment roller track
- 2 Round brush unit, sword brushes, IR lamps and adhesive application machine
- 3 Storage rack for longitudinal and transverse alignment
- 4 Roller press with laminating station

About BÜRKLE

As a leading global supplier of innovative machine and systems technology, BÜRKLE has stood for quality, precision, and customer focus for decades. With over 450 employees worldwide, we develop and implement forward-looking production solutions. Our headquarter in Freudenstadt, Germany, is the center for development and manufacturing and together with five other locations in Europe, North America, and Asia, manages our international activities — ensuring a strong regional presence and uniform quality standards worldwide.

SERVICE

In the BÜRKLE Service department, we support your systems throughout their entire life cycle and ensure maximum availability in daily operation.

Our service portfolio includes:

- ✓ Technical support and remote service
- ✓ Original spare parts and spare parts packages
- ✓ Maintenance and service contracts
- ✓ Retrofit and modernization solutions

TECHNOLOGY CENTER

At the BÜRKLE Technology Center, we work together with you to develop and optimize future-proof production processes under real and practical conditions.

What you can expect from us:

- ✓ Product and process development
- ✓ Definition of optimal parameters and concepts
- ✓ Tests on modern systems
- ✓ Detailed evaluation and documentation
