

DECOR PRINTING MACHINE DRUMA-HP

The DRUMA-HP is a high-performance decor printing machine for the precise printing of decors, textures, and designs onto flat workpieces. With its high-precision machine construction, large-format gravure cylinders, and perfect color and pattern registration, it delivers reproducible print results of the highest quality — ideal for industrial applications with demanding design and surface requirements.

Key Facts

- ✓ Precise decor and texture printing on large-format workpieces
- ✓ Precise adjustment of parameters through the use of precision spindles
- ✓ Doctor blade systems with quick-change feature for easy cleaning
- ✓ Motorized lifting of the application unit in the event of a transport stop

Technical Data

Working width	2.300 / 2.600 mm
Application system	Indirect printing
Engraved cylinder Ø	350–510 mm
Picture length engraving cylinder	Diameter x Pi
Feed rate	120 m/min

Product Overview

- ✓ Decor printing solution for single-sided printing of decors, textures and designs
- ✓ Designed for large-format workpieces and industrial throughputs
- ✓ High print quality with maximum process efficiency

Product Features

- ✓ Working widths up to 2,600 mm available
- ✓ Separate, continuously adjustable direct drives for engraved cylinder and application roller
- ✓ Quick-change system for application roller and easy engraved cylinder replacement
- ✓ Motor-driven oscillating doctor blade systems for even paint application
- ✓ Flexible solution for single-color to multicolor printing with reproducible print results
- ✓ Robust machine frame with pneumatic belt guide and sensor-based belt monitoring

About BÜRKLE

As a leading global supplier of innovative machine and systems technology, BÜRKLE has stood for quality, precision, and customer focus for decades. With over 450 employees worldwide, we develop and implement forward-looking production solutions. Our headquarter in Freudenstadt, Germany, is the center for development and manufacturing and together with five other locations in Europe, North America, and Asia, manages our international activities — ensuring a strong regional presence and uniform quality standards worldwide.

SERVICE

In the BÜRKLE Service department, we support your systems throughout their entire life cycle and ensure maximum availability in daily operation.

Our service portfolio includes:

- ✓ Technical support and remote service
- ✓ Original spare parts and spare parts packages
- ✓ Maintenance and service contracts
- ✓ Retrofit and modernization solutions

TECHNOLOGY CENTER

At the BÜRKLE Technology Center, we work together with you to develop and optimize future-proof production processes under real and practical conditions.

What you can expect from us:

- ✓ Product and process development
- ✓ Definition of optimal parameters and concepts
- ✓ Tests on modern systems
- ✓ Detailed evaluation and documentation
